ON SAFARI IN KENYA

The Swahili word 'safari' literally means 'journey'. Today, the word has been adopted throughout Africa to encompass the thrill and excitement of game viewing. East Africa lays claim to some of the world's finest game viewing against a backdrop of diverse and dramatic landscapes.

GAME DRIVES

A safari guarantees both excitement and the unexpected! This includes close encounters with wild animals, bumpy roads and helping out when the odds are down. Game drives normally take place early morning and evening when the animals are more active, and last between one and two hours. At some lake lodges game drives are not provided, although optional excursions may be purchased locally. Game drives are not included at tree lodges, as they overlook waterholes and salt licks which attract animals during the day and night. It is worth noting that game viewing is not an exact science and sightings of particular species cannot be guaranteed.

ON THE ROAD

Safaris often cover long distances on rough and uneven roads and may be dusty or muddy. Drives between game parks and lodges are made at a relatively high speed in order to make the journeys as comfortable as possible. Occasionally vehicles may become stuck in mud or even break down, but help is normally available nearby.

Safari vehicles are not air-conditioned. Approximate distances are given between points on each itinerary, but take these as a guideline only, as travel may take longer than expected due to poor road conditions or unexpected wildlife sightings. Changes to itineraries and camps or lodges are sometimes unavoidable.

LIGHT AIRCRAFT FLIGHT OPTIONS

On this safari itinerary, you can fly from the Masai Mara straight to Mombasa for a supplement of £155 per person. There's also an afternoon flight from the Mara to Nairobi at a supplement of £45 per person if you're not continuing to the beach (lunch included on the Masai Mara).

Flights are in light aircraft and the baggage allowance is strictly 15 kg per person. Where possible additional luggage can be left at your hotel or at the Safari Lounge in Nairobi and retrieved after the safari. When flying from the Masai Mara to Mombasa your entire luggage must be restricted to 15 kg as no luggage can be stored in Nairobi.

YOUR SAFARI VEHICLE

Safari vehicles are driven by expert driver/guides, who have extensive knowledge of the regions and wildlife. This safari operates using 4-wheel drive vehicles accommodating five or seven passengers, and are equipped with a cool box for you to store your drinks. **Window seat guaranteed on this itinerary.**

All vehicles have a game viewing roof hatch. For your privacy, you may request the use of an exclusive vehicle for yourself and your party.

HOT AIR BALLOONING - A MUST!

Optional Hot Air Ballooning can be arranged on this itinerary, while on the Masai Mara. This exhilarating experience starts at dawn, with around an hour in the air, followed by a Bush breakfast complete with sparkling wine.

£275 per person
